As the 50th birthday year of the 1965 Cadillac comes to an end, we wish everyone a happy and healthy holiday season. The Region will be celebrating the holiday season on Sunday, January 31st at the Springfield Country Club. **The registration flyer is on page 8, but there is no charge for members, thanks to Mark Brodsky's generous offer to pay for the party.**

Thanks to Daniel Jobe for arranging a club booth at the 2016 Washington Auto Show to be held from January 22nd-31st at the Washington Convention Center. Franklin Gage has kindly offered to coordinate the volunteers needed to staff the booth, and has already started contacting members to sign-up for a shift(s). This will be the first time the Region will participate in the event, which we believe is a great opportunity to promote the CLC and the Potomac Region. If you are interested in participating and haven't already notified us, please email Franklin at [f.gage@hotmail.com](mailto:f.gage@hotmail.com).

Vince,

Here are of a few photos of my historic Indy 500 Al Unser Jr, 1993 Allanté Pace/Parade car at the 37th Festa Italiana car show on October 11, 2015. They were taken by professional photographer Mike Rine, who was hired by the Italian-American club that hosted the event.

## **LETTER TO THE EDITOR**

October 10, 2015

Hi Vince!

I thought I would share a great picture of my 1970 DeVille Convertible from a recent trip to Princeton, New Jersey to see old friends. The bellman snapped the picture for me and the lighting was perfect!

I had the car repainted and the motor rebuilt at 151,000 miles and this is the first long trip I have taken with it and it performed flawlessly, getting somewhere around 15 miles per gallon. Who knew?!?

I have plenty of more work to do, especially in the interior and the top needs to be replaced, but as you know this is all a journey.

Hope this finds you well and I hope to see you sometime at a club event.

Sincerely,

Terry Prevost  
Leesburg, Virginia

Hey Vince!

Thought you might enjoy seeing some before and after pics of a horn button I recently rehabbed from a '66 Deville. This one was one of the worst ever sent to me. The bottom of the recessed ring around the crest had to be totally reconstructed!

Best regards,

**TREASURER'S REPORT:** The Treasurer's Report covered the time period from the October meeting to date. The Region's income was \$3,628.28. Much of this income is from membership renewals. The total expenses for the same time period were \$1,578.63, the majority of which are from the Fall Car Show (food, DJ and awards).

**MEMBERSHIP REPORT:** Our current 2015 membership total is 191 members. Welcome to our newest members: Dennis Cozzens (Washington, DC -- 1956 Series 62 Coupe), Herbert Cupo (Washington, DC), Todd Duley (Prince Frederick, MD -- 1963 Coupe Deville), Joe Palmore (Rockville, MD), Daniel Pironto, Jr. (Hyattsville, MD -- 1967 Coupe Deville and 2005 Deville), Matthew Smith (Washington, DC) and Scott Wardinski (Centreville, VA -- 1989 Fleetwood Brougham). ### **1. Recent Events:**

- **Annual Fall Car Show, Capitol Cadillac, Greenbelt, MD, Sun, Oct 25.** Thanks to everyone who assisted with this year's show. Full coverage was in the November issue of the ***Caddie Chronicle***. Sandy mentioned that prior to the 2016 Spring Show, a "Car Show Task List" will be distributed to all of the volunteers who have responsibility to make pre-show arrangements, bring something to the show, or oversee a task, etc. This will help to ensure that nothing is overlooked on the day of the show.
- **Potomac Region Fall Driving Tour, Sun, Nov 15.** The date for this event was changed twice due to the inclement weather. The tour began at the Paradise Spring Winery in Clifton, VA and concluded at the Barrel Oak Winery in Delaplane, VA. Participants were Scot Minesinger, Jack McClow, Bob Norrid, Randy Edison, Josh Pinho, Debbie & Chuck Piel and Harry & Julia Scott. Pictured right are Randy's 1954 Series 62 convertible and Scot's 1970 Deville Convertible, along with some of the attendees.

## ***2015 CITY OF ROCKVILLE ANTIQUE & CLASSIC CAR SHOW STORY & PHOTOS BY SANDY KEMPER***

The City of Rockville's annual car show continues to be the premier non-judged motor vehicle show in the Greater Washington, DC Metropolitan Area. On Saturday, October 17, 2015, a fantastic number of cars, trucks and other vehicles, 582 to be exact, were assembled on the picturesque grounds of the historic Glenview Mansion in the Rockville Civic Center Park. This was a new record for vehicles on display on the show field in the show's fifty-three year history.

**This panoramic view from the hill on the Glenview Mansion side of the park captures just part of the huge show field (left & center) and the vendor/car corral area (right)**

The CLC Potomac Region is one of the thirty-one regional car clubs who assist the City of Rockville in the production of this annual event. For these sponsoring car clubs, the City publishes a free ad for the car club in the program (given free to car registrants and spectators alike) and it lists the car club's name in the program, on the Rockville website and in other publicity materials. Also, all cars affiliated with the sponsoring club are displayed in the club's row on the show field, marked by a colorful banner, provided by the City, with the club's name on it. Not surprisingly, as an example of this show's prestige in the automobile community, nearly every year a new car club asks to become one of the show's sponsoring clubs.

In recent years the Rockville Show has featured a "Special Display." This year's featured vehicles were "Woodies." This term originated in the surfing community of Southern California in the 1960's to label the old wood sided station wagons that were a popular among surfers to carry their surfboards. Today, "Woodies" is widely used in the classic car community to describe both wood-framed and wood-sided vehicles. At the Rockville Show, the eighteen Special Display cars were all vehicles with exposed real wood with one exception – a one-of-a-kind, wood-framed 1928 Chrysler. Amongst the other fine examples of Woodies in the Special Display was our personal favorite, the 1941 Cadillac owned by Daniel Jobe.

# ***Cadillac & LaSalle Club Potomac Region Caddie Chronicle December 2015***

There were fourteen Cadillacs and LaSalle's staged in the row across the hillside behind the club's banner with Chuck Piel's 1967 convertible anchoring one end. The Cadillac and LaSalle row included, to name just a few of the Potomac Region members in attendance with their cars were: Ruth Synodinos' 1947 Series 62 sedan, Jack McClow's 1975 Fleetwood Talisman, Bob Norrid's 1962 Series 62 convertible, Jerry Gordon's 1961 Sedan deVille, Chris Overcash's 1956 Series 62 sedan, J. Roger Bentley's 1940 LaSalle convertible and Richard Sisson's 1954 Eldorado, sadly making its last appearance at Rockville (the car has been sold to an out-of-town buyer).

Save the date! Next year's show will be held on Saturday, October 15, 2016. The Rockville Show continues to be a car show that you do not want to miss. See more pictures at <http://www.clcpotomacregion.org/2015rockvilleshow.htm>.

**Friends and colleagues surround Lindsay Stewart of Auburn as she receives her Mary Kay pink Cadillac**

Mary Kay independent sales director Lindsay Stewart of Auburn, Alabama has earned the use of a Mary Kay pink Cadillac, an iconic symbol of success, the most coveted incentive awarded by the cosmetics giant.

Stewart's pearlized pink Cadillac SRX - her fourth Mary Kay career car - was delivered through Lynch Chevrolet-Cadillac of Auburn.

Mary Kay independent sales force members earn the use of a pink Cadillac by meeting and exceeding goals set within their Mary Kay businesses.

Stewart began her Mary Kay business as an independent beauty consultant in 2004, and became an independent sales director in 2005. In that role, she provides education, leadership and motivation to other Mary Kay independent beauty consultants and offers her customers the popular line of Mary Kay products.

"I'm honored to represent our unit in this gorgeous pink trophy on wheels," Stewart said. "It was a collective team achievement for our entire unit, which spans the U.S. Our team of successful business owners has worked with passion and commitment to bring about this win."

"Cars earned by the independent sales force through this exciting program serve as a symbol of their hard work and success in their Mary Kay businesses, and the pink Cadillac is the ultimate, most recognizable symbol of achievement," said Darrell Overcash, president of Mary Kay Inc. U.S. "For 50 years, Mary Kay has continued to provide a rewarding opportunity selling irresistible products, changing the lives of women around the world."

Since the Career Car Program's inception in 1969, more than 144,000 independent sales force members have qualified or re-qualified to earn the use of a Mary Kay career car. Currently, 6,032 Mary Kay career cars are on the road nationwide with approximately 1,318 of those being the coveted Mary Kay pink Cadillac.

Mary Kay, a top beauty brand and direct seller in more than 35 markets around the world, has 3 million independent beauty consultants and \$3.5 billion in global annual wholesale sales.

### ***WHAT THE HECK JUST HAPPENED OR THE CAR WAS MEANT TO BE! STORY & PHOTO BY SUSAN DENCHFIELD***

On many Labor Day weekends, Randy and I succumb to the siren call and drive to Auburn, Indiana for the auctions, and all the other car activities. We have only ever bought one car at Auburn and that happened many years ago. As usual, we planned on "just looking" so I was quite the unsuspecting spouse when I found out that Randy had one car in mind that he has "always, always, always" had an interest in, a 1940s Dodge 3-Window Business Coupe. Somehow, I had never even heard of such vehicle, but there was going to be a '41 Dodge Business Coupe at the auction, and by his calculation it would probably cross the block Friday evening.

This year we added a new dimension to our trip to Indiana, we were going to drop in on some of the many, many county fairs taking place in Ohio along the way to our destination. We left on Thursday afternoon and our first stop was the county fair in Canfield near Youngstown in eastern Ohio. It was great fun. We saw tiny little horses pulling tiny little carts and gigantic draft horses too! We found delicious "Porktatoes" (baked potatoes drowned in barbequed pork). And then we found green peppers stuffed with more delicious stuff. Somehow we waddled back to one of the massive parking lots (wrong one) and eventually located our car.

In the morning, we continued to Auburn and arrived at the Auctions America tent around 1:30 PM. I was hungry, but I was persuaded to go and check out what was going on at the auction block at this moment (big mistake!).

As we made our way through the crowd, a man behind me kept tugging at my belt. I

was annoyed, but also thinking that this sort of attention had not been accorded me in many years. Finally I looked around and there was DANIEL JOBE!! Well, I was so relieved to see him and gave him a great big hug. The next thing we saw was that the one and only 1941 Dodge Deluxe Luxury Liner Business Coupe (pictured above) was in line, next to go across the block. We had not yet gotten a bidders pass, but there was Daniel's bidders pass hanging around his neck. Randy grabbed it off his neck at the same time he was asking if he could "borrow" it. Daniel asked Randy, "Do you have any money?" He responded, "I have a check!" Within moments, the car went on the block. Randy made a bid, the reserve came off and he now owned it! I stood there wondering, "What the heck just happened?" Randy bought the business coupe at a price he had wanted to pay despite the reserve and the auction house's estimated range of \$18,000 - \$20,000.

## ***Cadillac & LaSalle Club Potomac Region Caddie Chronicle December 2015***

Later while we were paying for it and arranging shipping, etc., Daniel got a call from Donnie Gould, the President of Auctions America. Mr. Gould had a friend who had also thought that the Dodge would cross the block later in the day. This friend had missed the bidding as he was flying in on his private jet. He offered \$2,000 more on the spot for it. Sorry, sir, Randy's heart was set.

That night the three of us (we were all still friends!) went into Auburn to see the Auburns, Cords and Duesenbergs parked around Courthouse Square, along with all the other cruise-in cars.

The '41 Dodge Business Coupe arrived "home" within a week. Everything about it is better than we had anticipated: beautiful chrome, intact interior – everything original. It's really nice and runs well. Maybe the brakes drag a bit and the oil needs changing, but it may have been sitting for a while. Someone had cared a great deal about this baby in its previous home. Everyone who has seen it thinks it's pretty neat.

The timing of it all, Daniel and the car and us all being together at the same time within five minutes of entering the gates, is still mystifying. Maybe it is something that was meant to be.

The trip was great fun. But I'm still kind of wondering, "What the heck just happened?"

*Susan*

By the way, we took in another fair, the Van Wert county fair in western Ohio.

***CORY CORRELL'S "THE ART OF THE AUTOMOBILE"  
STORY BY SANDY KEMPER AND RICHARD SILLS  
PHOTOS BY CORY CORRELL AND SANDY KEMPER***

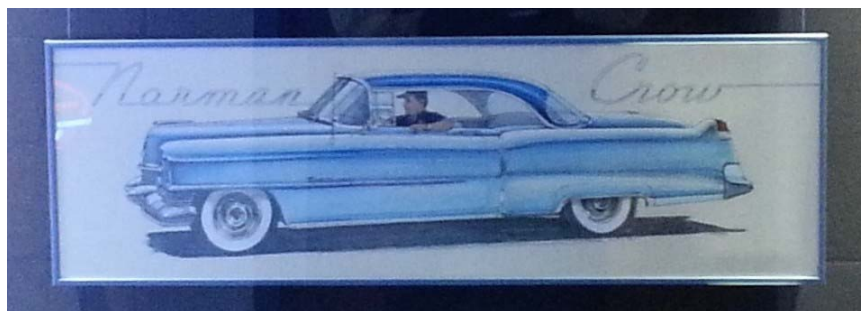

**L to R: Sandy Kemper, Jack McClow, Cory Correll  
and Tom McQueen**

***"The Art of the Automobile"*** at the Technical Center of Montgomery College in Rockville, Maryland was an exhibition consisting of illustrations of classic and vintage cars, all of them by Cory Correll. The show was sponsored by the Montgomery College Media Arts Gallery, and it ran from October 5 through October 30. And on Friday evening, October 16, the "Artist's Reception" at the Gallery attracted over 100 people, including several CLC Potomac Region members pictured left.

As one entered the building to see the show, the glass display cases in the hallway contained samples of Cory's works, including car show t-shirts and promotional posters. Inside the Gallery were nearly three dozen works that displayed Cory's remarkable talent for depicting the art in automobile design.

The show was very well received, and Cory was kept past the appointed closing hours on most days because of people wanting to see it. Many of the students at the college were surprised and pleased to see the car designs that Cory presented. They were impressed by the importance given to automotive design in the earlier years. Incidentally, Cory is both an alumnus of Montgomery College, and a part-time professor there.

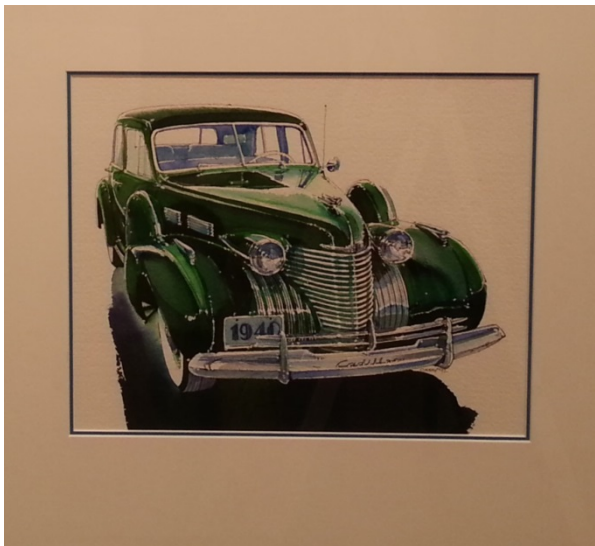

In the display case in the photo above is one of Cory's works that features a two-tone blue 1954 Series 62 coupe. That car was bought new by Cory's uncle, Norman Crow, and was owned by him for 30 years. Cory's uncle is pictured in the driver's seat.

# ***Cadillac & LaSalle Club Potomac Region Caddie Chronicle December 2015***

In the picture to the left is a green 1940 Fleetwood Sixty Special with dual side mounts. The inspiration for this painting was a similar car owned by the late CLC member Jim Fields. Many of the art works on display in the Show were for sale. Cory also draws individuals' cars on request under commission arrangements.

Cory revealed that he had "re-purposed" a few of the All-GM "CAR SHOW" signs to read "ART SHOW" for use outside of the Montgomery College Technical Center (pictured middle left).

Cory is a talented artist and has provided his work to support many local antique car activities, including the annual All-GM show in Rockville. In fact, the T-shirts that are produced for the All-GM Show each year are of Cory's design and have become collectible items (pictured bottom left).
